

It's been another none stop week! Yesterday Mrs Young and I had the pleasure of talking to a group of children about reading. It is always a joy to hear about children's love and enjoyment for reading. The children in KS2 were keen to share what they do in their reading lessons and it was also lovely to hear how children are never too old to have a story read to them!

Let nothing perturb you,
nothing frighten you. All
things pass. God does not
change. Patience
achieves everything.

Last Sunday's Gospel reminds us to use our talents well. When Jesus told the parable of the talents, the 'talent' he was speaking about was a sum of money – a weight of silver or gold. In our time, the word 'talent' describes the special qualities or abilities which people have. The marvellous thing about human beings is that everyone has a special talent, something 'unique', which only that person can contribute to the world. If we think of the talents of people around us have, instead of thinking of their faults, it helps to make the world a more joyful and encouraging place.

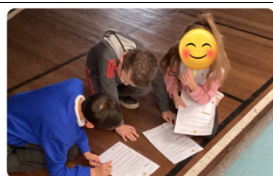

Using our talents just for our own enjoyment can be like hiding our talents in the ground. How much better to use them to bring happiness to others!

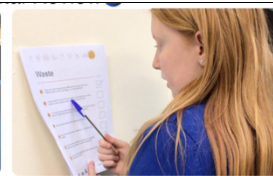

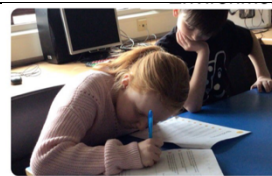

Dear young people, do not bury
your talents, the gifts that God has
given you! Do not be afraid to dream
of great things!

— Pope Francis —

AZ QUOTES

Our Eco Warriors have been very busy over the last week carrying out an 'Environmental Review' of our

Environmental Review

school. They had a range of questions to ask and will gather the information together to now create an action plan.

This week in school....

Nursery class have been reading 'The colour monster'. The children have recognised different colours, and associated them with different emotions. They have been colour matching and enjoying some sensory play.

Christmas has landed in Foundation! The children have had great fun this week decorating their 3 Christmas trees!

Foundation 2 have been learning about our Solar System. They were particularly interested to find out more about the moon. And now know the moon is made of rock and orbits the Earth. They explored mixing colours and creating pictures of the moon. Some children even made models of the Solar System.

Everyone had great fun in

construction club this week. After hearing the story 'Martha Maps it Out', the children created a 3D map of their own.

On Tuesday, Year 4 have had a lovely morning with Mr Sledge learning about the rights of a child. They decided what were the 8 most important rights and then created a recipe for a Good Childhood.

Year 1 and 2 worked with Mr Sledge on Tuesday afternoon. They heard about an inspirational young lady called

Malala. The children thought about how lucky they are to have a free and safe education.

CHRISTMAS FAYRE

THURSDAY 30th November

The children will be taken in classes to the Christmas Fayre throughout the day.
