F1	95.5%	Year 3	94.4%
F2	96.2%	Year 4	93.2%
Year 1	95.2%	Year 5	94.0%
Year 2	96.3%	Year 6	96.2%

The simple
act of
caring is
heroic.

-Edward Albert

It has
been a
very
busy
week
in
school
full of
learning

opportunities. Thank you to all the families who have attended our F1 and F2 Parent Workshops over the past two weeks. We hope you have found the sessions informative and useful.

In Art in Year 3, the children have continued their study of

European Artists by looking at Kandinsky. They looked

at many of his abstract pieces of art and experimented with colours using circles and oil pastels.

In their PSHE work on Tuesday, Year 5

marked the 75th anniversary of the Holocaust in a very special way. They created some wonderful statements about the importance of showing respect and tolerance to others.

This half term in Geography, Year 1 are

learning about the 4 countries that together make up the United Kingdom.

They worked in teams to create collages of the different flags of England, Wales, Scotland and Northern Ireland.

In History in Year 2, the children have been matching items from the past with their modern day equivalents.

Over the last week

children in all year groups have taken part in our annual pupil questionnaire. We take their results very seriously and like to discuss their answers individually, in classes and as a whole school so that we can continually work on improving what we do and making our school the very best it can be. Please take a look at all the results on our school website where you can find all the details for the whole school and individual classes.

E Safety

During February we celebrate 'Safer Internet Day' which promotes the importance of E Safety. In these times of technological advances, which as adults many of us find hard to keep up with, it is so important that we are aware of what our children are able to access and do via the electronic devices they use. There are so many things we as parents can do to support them in staying safe online.

We have updated our E Safety Page on the school website with lots

of fantastic easy read information about different devices, games, parental controls, age restrictions etc. These resources are directly taken from the 'National Online Safety' website. Click on the different leaflets and they will open up and give lots of useful tips. Essential reading following a Christmas where I am sure many children received many new games and devices.

If you ever have any concerns or worries, do not hesitate to speak to your child's class teacher, Mrs Young, Mrs Bennison or myself. Enjoy your weekend, Mrs Ralph
